

Drift Dining Table

MY HABITAT

## Drift Dining Table

The Drift Dining Table is a functional work of art, crafted from travertine with a substantial 6 cm thick two-piece top, featuring elegantly curved edges and supported by three cylindrical columns.

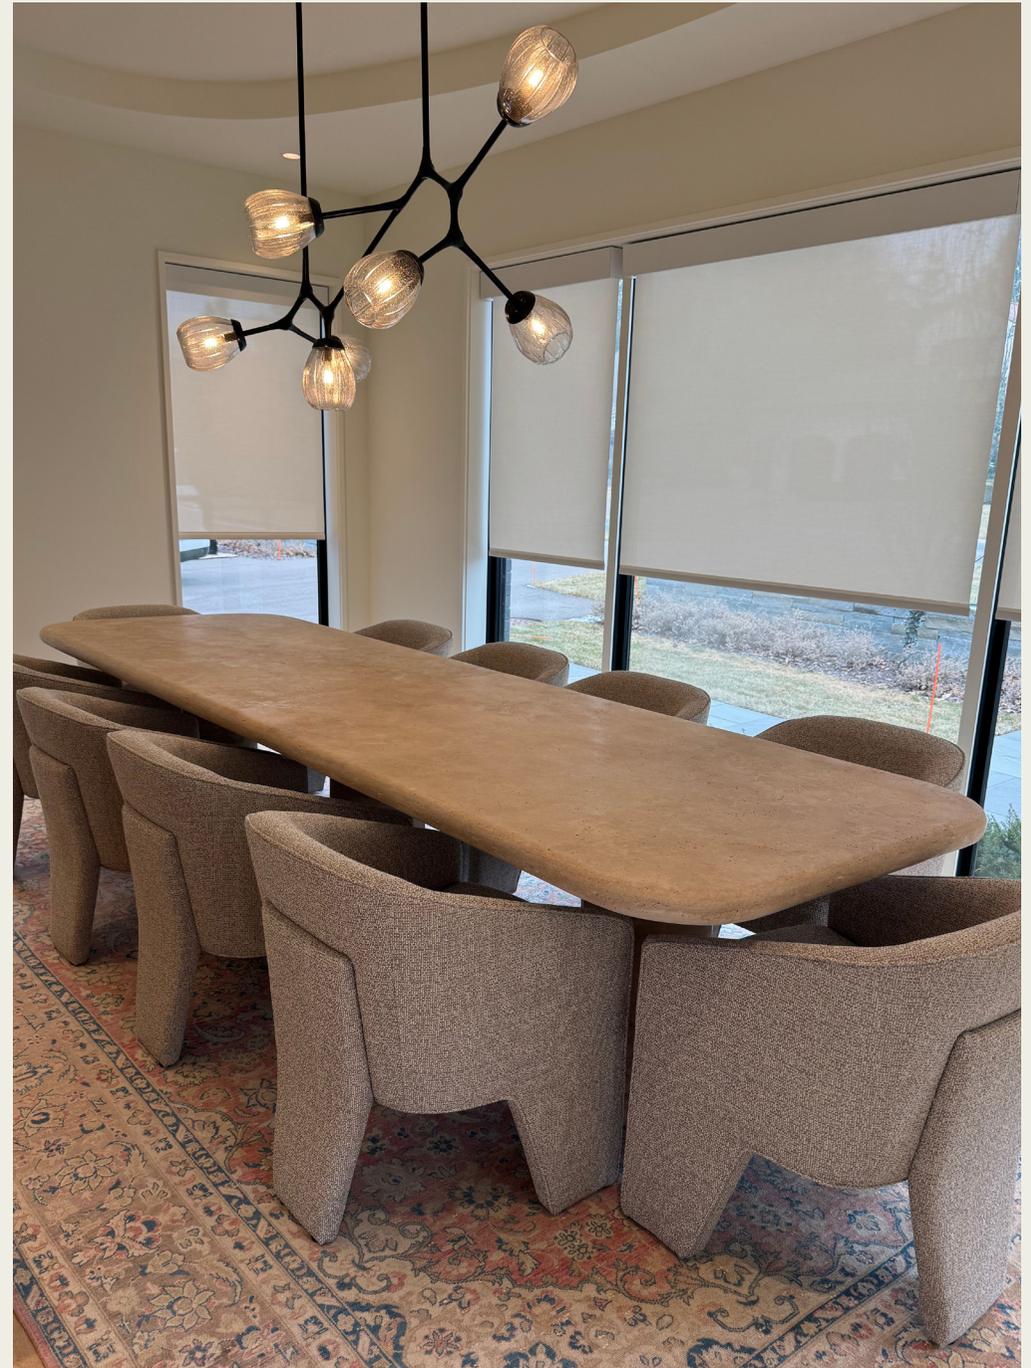

The tabletop is hollowed underneath for easier installation, with a nearly invisible seam between the two sections, ensuring a refined, minimalist finish.

Pictured in our filled travertine — see our Stone Overview page for more information.

Dimensions can be adjusted at no extra cost—width/length +/-10 cm, height +/-5 cm. Add your preferred measurements (cm or inches) in the checkout notes.

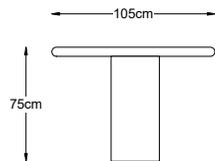

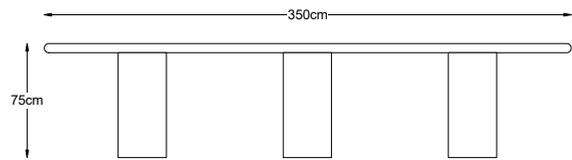

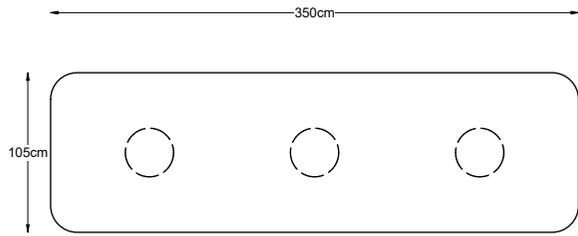

Each piece is made to order and can be customised in size, material, or detail. If you don't see what you need, use the Custom Inquiry Form below for a tailored quote.
