MY HABITAT

## Undra Stone Bed

The Undra Stone Bed is a sculptural, low freestanding bed carved from solid Travertine, embodying architectural elegance, grounded minimalism, and timeless design. Inspired by 1970s design, its soft curves and clean lines create a bold yet serene centrepiece for the bedroom.

Pictured in our honed Travertine — see our Stone Library page for more information.

Shown here in European King size: 212 × 192 cm frame for a 180 × 200 cm mattress. The bed frame is crafted in four modular stone pieces for ease of transport and installation and includes a custom-built slatted wood base designed for optimal mattress ventilation and comfort. Mattress not included.

Each piece is made to order and can be customised in size, material, or detail. If you don't see what you need, use the Custom Inquiry Form below for a tailored quote.
